# TADCASTER PARISH REGISTERS

## VOLUME 3

### INTRODUCTION

Borthwick Institute Reference No: PR TAD 3

Volume 3 of the Tadcaster Parish registers consists of 26 vellum leaves (or folios) bound together in leather covered boards. The entries begin closely after the final entry in volume 2 and generally run consecutively from August 1671 to May 1689, but with the following gaps of more than a month:

10 July 1673	- 10 November 1673
6 February 1673/4	- 14 April 1674
9 February 1678/9	- 20 July 1679
28 March 1680	- 7 June 1680 (baptisms only)
16 November 1680	- 1 April 1681
26 June 1681	- 9 October 1681
16 August 1684	- 9 October 1684
16 August 1685	- 27 October 1685
19 July 1688	- 21 September 1688

The incumbents during the period covered by this volume were:\*

John HOLT	- instituted 19 November 1660
	- buried 18 March 1683.
John GREENFIELD	- instituted 16 September 1684 - B.A. (Cantab.)
	- buried 4 October 1702.
	(He had been curate at Tadcaster from December 1672 to ? 1682 and vicar of Bramham from 1682 to 1684)

The handwriting is similar throughout the volume and the random form of the entries follows the pattern in volumes 1 and 2 except that between June and August 1680 baptisms are grouped together followed by a similar grouping together of burials from September 1678 to September 1680. Random entries are resumed from 21 September 1680.

It is fairly frequently recorded that marriage banns had been read and there are a number of marriages with a licence. One marriage is reported as having taken place before witnesses and another is simply recorded as having taken place "as the report went". It is also specifically noted that one baptism took place when the child was over one year old.

\*See G.E. Kirk - Guide to St. Mary's Church, Tadcaster - 1939

Quaker burials continue to be recorded and a number of records of birth without baptism may refer to Quaker families. At the end of the volume there is a special record of the births and burials of four members of the SIDDAL family who were well-known Quakers during the period, residing at the Grange adjacent to the Quaker burial ground.

Parish Register Transcripts exist for the following years during the scope of this volume:

1671/2, 1672/3, 1673/4, 1675/6, 1676/7, 1682/3

The entries in these have been incorporated with the Parish Register entries at the appropriate points in the transcription of the Register. The first of the Transcripts is not signed and the last is not signed by the incumbent.

Among the miscellaneous information and comment, which is fairly limited, may be found the following:

The burial of Robert SAVAGE of Bolton Percy on 20 October 1671 "who died suddenly at the Bull 19 October".

The baptism on 22 May 1673 of Edward son of Edward MARSHALL "being the sixth of the name and family".

The burial on 28 April 1682 of John HILL, rector of Blyburgh in Lincolnshire, who died at Oxton.

The registration of the erection of a pew on the south side of the bell-house of the parish church by Clement WEBSTER in April 1683.

The burial on 9 January 1685/6 of Thomas BURTON "who was casually drowned in the Chapel Well".

As in the previous volumes, the consecutive page numbers at the foot of pages are used in the indexes at the end of the volume.
